# Overview

- The Fund returned 2.65% in January 2018, bringing the 1 year return to 21.55%. Over the FY to January the Fund has returned \$35 million in excess of the passive Reference Portfolio. As at 31 January 2018 the Fund was worth \$39.06 billion.

	As at 31 January 2018 (unaudited)
Fund size	\$39.06 billion
Value of NZ investments	\$5.4 billion or 14.2% of investments*
Return since inception (30 September 2003)	10.66% p.a.
Last 10 years	10.59% p.a.
Last 5 years	15.33% p.a.
Last 3 years	13.48% p.a.
Last 12 months	21.55%
January 2018	2.65%

Because of its weighting to growth assets, the Fund can experience large short-term movements. As a long-term investor we have a greater-than-average ability to withstand this volatility. Shifts in value from month to month must be seen in the context of the Fund's long-term purpose and performance.

Fund returns are unaudited and calculated before NZ tax and after costs. We consider tax paid as a return to the Crown.

\* The value given for NZ investments excludes cash and foreign exchange hedging instruments.

# Performance summary

  - relative to the NZ 90 day Treasury Bill return; and
